Vision
Mission
& Values

Our Mission is

to provide Courteous, friendly, ethical, assessment-adding-value services. We help client-organizations meet international expectations with integrity while enhancing their operating practices.

Our Vision is

to continue the better option for client-organizations, not to become the issuer of most services (such as issuing of certifications..).

Our Values are

*Integrity
Cost-Benefit
Vigilance
Social Responsibility*

Our Purpose

Granted through accreditation from a Public Trust; “to protect communities and consumers”, following laws of anticorruption, antifraud and antitrust with respect to the sovereignty of nations

BRS

Third-party with purpose

Through world regions, we lead the way in consumer-centric third-party management services through validation, branding, inspection or certification with competence, impartiality and a consumer-centric purpose exercising due-care; At the forefront of our work we sustain accreditation based anti-trust, antifraud and anticorruption with a dignify purpose to primarily protect communities and consumers.

To monitor our policies and procedures worldwide within free market economies is through the Rim of the World Operations (ROWO), California USA.

We brings the following benefits

- Demonstrate to stakeholders effectiveness in operations based competent impartiality.
- Our Consumer-Centric antitrust, anticorruption and antifraud accreditation conveys a most important message to the free market.
- Our assessments verify adherence to sovereign nation's legal and regulatory framework.
- Our continuity assessment process contributes to your organization's focus, commitment and help maintain motivation.
- These will widen your organization's view to advent of technologies, competitors and advent of regulations thus prepare to market opportunities.

Achieving certification, validation, branding and inspection

As a consumer-centric third party management services provider, we convey competent and impartial services throughout world regions with the support from Rim of the World Operations (ROWO), California USA. While the assessment team remains oversight by ROWO watchful eye, the onsite assessment team remains under regional control. In a nutshell the protocol chosen is as follows:

- ◇ CONTACT US—through BRS legal and authorized regional representative or directly.
- ◇ APPLICATION & BUDGET—we provide a true and transparent budget for the formal third party protocol.
- ◇ MEET the ASSESSMENT TEAM—your organization accepts the assessment team.
- ◇ IMPARTIALITY—accredited by a public trust, we remain impartial & independent with competency
- ◇ PHASE I—assures your organization level of adequateness to the mutual agreement and laws.
- ◇ PHASE II—access evidence to attest facts for appropriateness and effectiveness.
- ◇ GRANTING & ISSUANCE—grant and issue the instrument for the assessment.
- ◇ CONTINUANCE—we will carryout ongoing assessments to attest the continual status, which provides a basis for performance enhancement.

In matters of TRAINING—BRS provide training as the means to promote brand recognition and to convey purpose. Training need be aligned with BRS RIMG ISO/IEC 17024 approved by Rim of the World Operations, and it is not permitted in-house or otherwise leading into conflict of interest.

BRS

Transferring to BRS.

- 1) Simply contact a BRS authorized regional center or BRS USA directly, the transfer process is convey byway of completion of the application form.
- 2) We will review your application and current status based on the recommendation of the regional assessment team with authority of BRS ROWO USA.
- 3) The options may be through a direct transfer with continuation of your current assessment protocol, per international conventionalism.

Integrated Assessments

If your organization possess an integrated management system (IMS, QEHS...) or has multiple independent management systems we will synchronize coordination in the pursuit to reduce costs, based on our cost-benefit value.

Maintaining third-party status.

Our mission, values and vision for a purpose that is consumer-centric holds the true meaning of a management program in adherence to legally bound regulations. These are carryout in ways to contribute to the organization's success and not for a mere conformity checklist. Further, BRS does not sell specific solutions which dissolute the meaning of competence, independence and impartiality, as accredited by a public trust.

Upon entering BRS Programs, we provide

- A serialized certification mark for your organization to use
- An instrument that attest to the rendered services (validation, certification...)
- Promoting your Consumer-Centric status
- Experts in matters of your third-party program, inclusion and onto consumer-centric vigilance

BRS

Client-Organizations

Whether BRS across America, Africa, Asia Pacific, Europe, Middle East, public or private sectors, client-organizations are benefitted by our global reach based to *think global and acting local*. To this effect client-organizations are being periodically assessed to assure to carry out the signatory an bearer commitment to protect community and consumer (consumer-centric, our purpose).

**THINK
GLOBAL
ACT
LOCAL**

Consumer-Centric

BRS as a California based private s-corporation supervising regions through the Rim of the World Operations (ROWO) we assure that due-care is exercise in protection of communities and consumers, our basis for accreditation; this is the purpose for which we assess client-organizations to objectively demonstrate their competence in carrying consumer protection. To this effect BRS instruments of certification, validation and others include the year since a client-organization is carrying their consumer-centric commitment.

Governance

Our transparency in work is evident by the mission, values and vision driven purpose in every region. A purpose granted through accreditation by a public trust. To this effect we need be impartial, independent and transparent on the work we do. Our Board of Officers and management team are ethical and competent in the work we carry worldwide.

Accreditation

We are continuously monitor through an international convention program in accordance to internationally recognized and generally accepted (IRGA) benchmarks, as we operate accredited to ISO/IEC 17021, ISO/IEC 17020, ISO/IEC 17065 and ISO/IEC 17024. Further, the basis for our accreditation are statutory laws for *antifraud*, *anticorruption* and *antitrust*. Each BRS regions may acquire local accreditation as they choose for commercial practice, regardless they need to abide to the purpose for which BRS ROWO is granted accreditation. The GOB is a public trust granted by the USA Federal Government with authoritative empowerment by the State Government to accredit and recognized granted under the supervision of the Department of Justice.

Our Seal

Is something of care and gleamed from the fact of proving attested work whether is validation, inspection, branding or certification under IRGA for environment responsibility, food safety, health care quality, occupational health & safety, quality, security of information, security physical or social accountability and alike programs. To reach the BRS Professional status means that the professional has reached a point of wary and due-care based due-diligence, in ways is a painstaking task, yet necessary. Our professional program is consumer-centric while exercising due-care. Professionals enter toward BRS Professional status through a formal inclusion program.
